

## Apologies for a Formal Curriculum Vitae

My apologies for giving you a formal Curriculum Vitae, but that's what I had.

My wife, Denise, and I moved here from the Pasadena and Sacramento areas last September after buying Cory and Melissa Williams' house. We love the house, except for all the weeding in Cory's yard. We love Heber and all the people we have met. The Lake Creek Farms area is beautiful and serene.

What my C.V. doesn't tell you is that I am a fairly quiet, introverted guy. I do have the ability to and like to work hard. I like to gather all the facts or information and then come up with mutually agreeable solutions, if possible. A win win solution is one that I like.

I did not seek this position, but will work hard for you if I am approved.

Sincerely,

Roger Andrews
