

Joe Gormally

I am retired from my own successful industrial electrical contracting business of 23 years and have been a resident of Lake Creek Farms since 2009 at our home on 5033 East 1250 South. I would like to offer my time and services to Lake Creek Farms HOA as an officer working for the improvement of our community. Recently I have been working with the current board on the unification committee to invite our neighbors in Plats D and E to joint our HOA membership. It would be important that they have a voice on our future improvements like upgrading our entrance monument and developing walking trails. I have been in construction for over 40 years and can offer my backhoe as a free service to the HOA.

I would like to thank all those who have served as board members in the past for the important projects and issues have successfully completed;

- Irrigation water rights
- Huge cost savings on water meter installation
- Construction of new park facility
- Responsibly paying down to park loan
- Liability protection insurance
- Developing a web site
